

Assessment

Organisational Area

RTO

Authorisation

This Policy was reviewed and adopted by the Park Orchards Community House & Learning Centre Incorporated (POCH&LCI) on 16th February 2022.

Review Date

This policy will be reviewed every three years or sooner if required.

Scope

This policy is for the Manager, VET Coordinator Trainers and Assessors and any Staff at POCH&LCI who are involved in the assessment process of students in Vocational Education and Training.

This policy also applies to applicants and students at POCH&LCI.

Objective

This policy establishes the framework for quality assurance for POCH&LCI in the management of the assessment system, responsibilities and obligations for assessment.

Policy

POCH&LCI develops and implements assessment strategies to facilitate student learning and to assess achievement against learning outcomes or competency aims. POCH&LCI assessment tools support student-centred approaches to learning. Assessment practices include the provision of constructive and timely feedback to students to provide students with a measure of their progress against stated learning outcomes and assist in their preparation for future assessment.

POCH&LCI encourages and supports Assessors to develop and use relevant and diverse forms of assessment.

Management of the Assessment System

The VET Coordinator and Manager oversee the development, review and monitoring of assessment tools and activities in accordance with ASQA standards and POCH&LCI policies and procedures for developing, reviewing and validating courses (including the assessment tools).

Responsibilities and Obligations of Assessment

The VET Coordinator and Manager are responsible for coordinating and monitoring the practice of assessment to ensure that fair, effective, consistent and appropriate assessment practices are in place.

The VET Coordinator and Manager will review Assessment Matrixes and Assessment Schedules developed for each qualification to ensure the instruments and timings of assessments are fair, equitable and consistent with the specifications outlined in the accredited course documents or Training and Assessment Strategies.

POCH&LCI assigns responsibility for conducting assessment to POCH&LCI Assessors and ensures that assessment tasks are consistent with the aims, objectives and content of a course and/or unit of study.

Quality Assurance

The VET Coordinator and Manager are responsible for the regular review of assessment practices and activities. POCH&LCI has in place a range of quality assurance systems and mechanisms to ensure that feedback and input from assessors, students, and external advisers is collated, analysed and acted upon. Information received in relation to a course and/or unit of study is analysed and reported during and at the conclusion of each course delivery.

POCH&LCI welcomes industry input into the development and continuous improvement of courses, delivery processes and assessment strategies (refer to the Industry Consultation Procedure).

Reasonable Adjustment

Assessment tasks may be subject to Reasonable Adjustment where a student has a specific disability or special need.

An adjustment is any measure or action taken in order to provide substantive equality for students with a disability or specific need, and which has the effect of assisting the student to access and participate in education and training on the same basis as students without a disability.

An adjustment is reasonable if it achieves this purpose while taking into account factors such as the nature of the student's disability, the views of the student, the potential effect of the adjustment on the student and others who might be affected, and the costs and benefits of making the adjustment.

There may be more than one adjustment that is reasonable in a given set of circumstances; Trainers and Assessors are required to make adjustments that are reasonable and that do not cause them unjustifiable hardship and that maintain the academic integrity of the qualification or unit being delivered and assessed.

In determining the reasonableness of an adjustment to assessment, the vocational and professional outcomes of the course must be considered in order to ensure assessment decisions are appropriate. (Refer Access, Equity and Cultural Diversity Policy)

The obligation on POCH&LCI to implement any adjustments is subject to provision by the student of timely and relevant advice of the student's individual requirements.

Definitions

ASQA means Australian Skills Quality Authority, the national VET regulator and the RTO's registering body

Standards means the Standards for Registered Training Organisations (RTOs) 2015 of the VET Quality Framework which can be accessed from www.asqa.gov.au

VET means vocational education and training.
